Taking references beyond your PC

Agnes Noronha, Gordon McIntyre, Jennifer Moore & Maureen Couacaud

Collaborating with local and internationally dispersed colleagues to write and publish a paper

1 Find References

Library catalogues

Library One Search

Journal databases

Google Scholar

2 Drop and Store References in EndNote or RefWorks

Type in references

Automatic export from library databases, Library One Search or Google Scholar

Import using PDF metadata

Export to RefWorks from a shared folder

3 Organise References into Meaningful Groups

EndNote or EndNote groups or smart groups

RefWorks

References can be sorted by date, author or title

4 Share References with Colleagues

References can be exchanged with colleagues around the world, using EndNote or RefWorks

Use EndNote to share groups, Use RefWorks to email access changes instantly online a URL to a shared folder

Use EndNote to email a compressed version of libraries or selected references

RefWorks can provide updates to shared folders via an RSS feed

5 Complete the Paper

- ✓ references shared in the cloud
- ✓ journal referencing style selected
- ✓ paper completed collaboratively
- ✓ submitted to publisher
